HKHS ELDERLY RESOURCES CENTRE

APPLICATION FORM FOR CO-VENGERS OF THE AGE-FRIENDLY HOME LIVING LAB

Living Lab in Gerontechnology for Age-Friendly Home (Age-Friendly Home Living Lab)

The first Living Lab in Hong Kong registered under the European Network of Living Labs (ENoLL), which advocates the concept of ageing-in-place in age-friendly homes with applications of user-driven and experience-based innovations, and drives the development process of age-friendly products/services, for better living for the elderly.

The role of Co-vengers

- Act as co-designers and inventors of age-friendly products/services
- Offer valuable insights to solution providers in co-creation of level-headed age-friendly products/services

Join us for

- Co-creation Workshops
 - Co-create with cross-sectoral stakeholders. Through design thinking process, user perspectives are set out to solution providers, inspiring them to transform age-friendly concepts into practical solutions, so as to tackle daily problems for elderly.
- Trial and Testing of Age-Friendly Products/Services
 - Express your opinions or pain points through questionnaires, interviews, experience recording or focus groups, and assist solution providers to improve their product designs or service content, in order to develop level-headed age-friendly solutions that matches the needs of users.
- Gerontechnology Experiential Day
 - Learn about the latest Gerontechnology products/services, and share your feedback and perspective after hands-on trials, so that solution providers could get a better grasp of the needs of users.
- Exchange and Sharing with Local Academia and Research Institutions
 - Co-design with local academia/research institutions for age-friendly innovations through interactive activities and sharing of pain points in real-life.

** During any of the Living Lab activities, HKHS Elderly Resources Centre may take photos and/or videotape for debriefings, reports, education and publicity purpose **
