We offer two guided tours:

InnovAge Home Guided Tour

As a result of age-related deterioration, the existing home design may fail to meet the needs of the **elderly**. We set up two age-friendly show flats for elderly with different needs, showcasing the latest **gerontech products and assistive devices**.

Mind-Friendly Home Guided Tour

In daily living, **people with dementia** are facing many challenges, especially in their home environment. We set up Mind-Friendly Home Exploration Centre, the first of its kind in Hong Kong, to showcase the **Mind-Friendly home design and aids**.
